What is a Tricks class?

Do you love to play with your dog? Do you want to learn how to teach your dog to do all those amazing tricks you see on T.V. or online? Then this is the class for you! This fun and upbeat class will prepare you to show off to the masses or small social gatherings, whichever is more your scene. The class curriculum is designed to be enjoyed again and again. There's always something new to try and many titling levels to work towards. Below is a breakdown of each session.

Physical – This week we will learn all about the fundamentals of luring, shaping and perfecting your clicker skills. Find out how you can manipulate your dog's body and behavior in a force-free way. Some of the many behaviors we will work on are tricks like crawl, bow, pray, sit pretty, spin and place their paw over their muzzle to express a shameful appearance.

Props – This class always brings out smiles and laughter. Using the many props available to you in class, you'll have a chance to teach your dog to do several behaviors including but not limited to, circling a cone, jumping through a hoop or arms, opening and closing a crate door, ringing a bell, pushing a button, roll a ball, putting toys away or play piano.

Handler's choice – Today it's all about you and your dog. If we don't have the prop you need be sure to bring it with you to class. We can help you find a way to teach your unique trick of choice.

Targeting – Targeting is a useful skill for trick training. You can use it in many ways, including but not limited to, touching an object, distance work, sending to an object, maintaining proper placement for taking photos and teaching the dogs head to go up and down or side to side as if to say Yes or No. You will have an opportunity to have your dog's picture taken alongside a beautiful backdrop. AKC Trick Dog testing is also available for individuals seeking the Trick Dog Titles.
